

# A3 Problem Solving Workshop

## Description:

**A3 Problem Solving Workshop** is designed to help individuals enhance their ability to think critically and solve problems efficiently. Participants will learn a structured approach to tackle complex issues, from identifying the root causes to implementing effective solutions. The workshop combines theory with hands-on practice, allowing participants to apply their learning in real-world scenarios. Through a series of engaging exercises, group discussions, and case studies, attendees will refine their analytical and decision-making skills.

**Duration:** 1 Day (8 Hours)

**Class Size:** 12 Max

**Target Audience:** Open to anyone who are passionate about continuous improvement (students, graduates, professionals' office staff/employees, business leaders)

**Pre-requisites:** None

## Outcomes:

- ✓ **Identify the root cause** of a problem, not just its symptoms.
- ✓ **Apply problem-solving techniques** to address both simple and complex challenges.
- ✓ **Develop actionable solutions** through critical thinking and creativity.
- ✓ **Effectively communicate** their solutions to stakeholders.
- ✓ **Collaborate** with others to generate innovative solutions to collective problems
